

Quality Assurance Policy Statement

It is Cidon Construction Limited's policy to apply effective quality management to our business operations and to achieve quality objectives in a reliable, cost effective, and safe manner, as is consistent with our customers' needs and expectations, by establishing a quality management system.

Cidon Construction Limited supports its commitment to continual improvement of the effectiveness of the quality management system by way of regular reviews.

Overall and final responsibility for quality rests with the Managing Director who will ensure that the quality system is established, implemented and maintained in accordance with the adopted International Standard BS EN ISO 9001: 2015 and ensuring quality objectives are established.

All company personnel are required to use and support the quality system and to seek continuous improvement of procedures, products and services to meet customer, statutory and regulatory requirements.

Commitment of the Company to the above policy is signified below.

Signed

Patrick Bryan
Managing Director
