3 October 2008

Dear Ciaran

Cidon Construction under the watchful eye of Ciaran Donnelly and his team have successfully completed a five storey concrete frame construction for Campbell Homes Limited of Sheffield.

The contract has been completed solely without incident, started and completed on time and to budget.

Whilst resolving issues along the way, the reason for the success of the project has been good quality dialogue between both parties from conception to completion.

It is always pleasing to write letters of this nature.

Your best intentions always

Shaun Blakeley
Senior Contracts Manager

Nominated Medium House Builder of the Year.
